

# Perashore Town Council

## **TARGETS TO ACCOMPANY PERSHORE TOWN COUNCIL ENVIRONMENTAL POLICY**

- a. Review targets as set by the Climate Emergency and Biodiversity groups and suggest further potential targets and timescales.
- b. Ensure that the Town Hall only use recycled paper and card and recycle all possible material.
- c. Monitor possible pollutants to water, land and air within council operations and produce a plan for reductions.
- d. Reduce energy usage by the library by using low energy lights, Solar PV (once there has been enhancements in security measures) and review the time settings of its daily gas usage.
- e. Monitor water usage in the Town Hall and Library
- f. Work towards measuring electricity usage in the Town Hall and set targets for reduction in its day-to-day operations.
